

## Equine, Dogs and Racing

This moderation report covers activities for the period July - September 2023.

Since June 2022, **eight new or revised programmes have been endorsed** by Muka Tangata for use in the Equine, Dogs and Racing industry.

In the period between July and September 2023, we called for **22 ākonga (learner) assessment samples** from **three providers** delivering standards in the industry. These were desk-based moderated.

**Our moderators agreed with 100% of the providers assessment judgements - this is higher than the all-of sector verification rate of 77% for this period, and signals clearly that overall, ākonga are being assessed to the industry standard.**

**All four ākonga Māori samples moderated met the moderation standard and all providers moderated met the standard in this industry.**

Over this period, we have carried out one onsite and one online hui whakapūmau enhancement visits with **two Equine, Dogs and Racing industry providers** where we discussed delivery and assessment of their programmes.

Over the year, we facilitated **22 professional development online seminars** for providers around best practice assessment, meeting programme endorsement considerations, and te ao Māori.
